Information Sheet
MATH631 Spring 2019
Real Analysis II

Instructor: Radu Balan
Lectures: Tuesday, Thursday, 12:30pm-1:45pm, CSI 4122.
Office Hours: Tuesdays 3:30pm-4:30pm in MATH 2308 or CSIC 4131, or by appointment
Contact Information: Email rvbalan@math.umd.edu, Math Building, Room 2308, x55492 / CSCAMM , Room 4131, x51217

MATH 631 Real Analysis II is the graduate level course in mathematics that continuous MATH 630 Real Analysis I. It presents in a rigorous manner fundamental concepts in analysis: Abstract measure and integration theory, metric spaces, Baire category theorem and uniform boundedness principle, Radon-Nikodym theorem, Riesz Representation theorem, Lebesgue decomposition, Banach and Hilbert Spaces, Banach-Steinhaus theorem, topological spaces, Arzela-Ascoli and Stone-Weierstrass theorems, compact sets and Tychonoff's theorem.

Prerequisite: MATH 630
Recommended Textbooks:
Integration and Modern Analysis, John J. Benedetto, Wojciech Czaja, Birkhauser 2009
Real Analysis (A Comprehensive Course in Analysis, Part I), Barry Simon, AMS Press 2015

Grading. There will be one mid-term exam (100 points), homework assignments (for a total of 100 points), and a final exam (200 points - cumulative). Students are allowed one single-sided formula sheet during the mid-term, and one double-sided formula sheet during the final.

Homeworks. Homework must be submitted on the date assigned. Homework must be prepared without consulting any other person. You may however consult any written reference. In this case you should cite the reference. Results taken from the reference should be (re)stated to the notation used in the course. Explanations should be given in complete English sentences. Written work must be legible and clear.

Academic Integrity. You are expected to adhere to the University’s Code of Academic Integrity, available online at: https://www.faculty.umd.edu/teach/integrity.html

Students with Disabilities: If you have a documented disability and wish to discuss academic accommodations with me, please contact me as soon as possible.

Religious Observances. If you will be absent from class because of religious observances, please submit a list of the dates of your absences within a couple of days.
