MATH 141H  

Fall 2003  

Section 0201  

M 12-12:50, W 12-1:50, F 12-12:50  

Professor:  
Larry Washington  
Office: Math 4415  
Phone: 405-5116  
e-mail: lcw@math.umd.edu  
Office hours: Monday 1-2 and Friday 11-12  
Course Web page: www.math.umd.edu/~lcw/Math141H.html  

Description: This is the second semester of an introduction to calculus for honors students. It is aimed at students in the sciences and related fields, but is suitable for good students in all areas.  

Text: Calculus with Analytic Geometry, 5th ed., by Ellis and Gulick  

Topics (and approximate number of lectures):  
Chapter 6: Inverse functions 7 lectures  
Chapter 7: Techniques of Integration 10 lectures  
Chapter 8: Applications 6 lectures  
Chapter 9: Sequences and Series 12 lectures  
Chapter 10: Curves in the Plane 5 lectures  

Grading:  
Midterms: 20% each. The first midterm will be in late September. The second will be in late October. The third will be in late November or early December.  
Quizzes: 10%  
Final: 30%  

Makeup exams will not be given unless a student can present substantial evidence that an absence was caused by serious illness, a death in the immediate family, religious observance, participation in University activities at the request of University authorities, or compelling circumstances beyond the student’s control. If the absence is caused by foreseeable circumstances, notice must be given in advance in order to be allowed to take a makeup exam. Students who do not provide adequate documentation for their absence will receive a score of zero for the exam.  

Quizzes and Homework: There will be a list of homework problems for each section that will be covered. These problems should be done by the student, but are not to be handed in. Instead, approximately once a week, there will be a short quiz consisting of around 2 or 3 problems taken directly from the homework list. The rules for makeup quizzes are the same as those listed above for exams.  

Final Exam: Monday, Dec. 15, 1:30-3:30pm  

Calculators: Calculators will be allowed, but not needed, for quizzes and exams.
