## Conference Themes

Please join us to celebrate the eightieth birthday of Professor Saul Abarbanel by an international conference on advances in the analysis and numerical analysis of partial differential equations at Tel Aviv University. This conference will be dedicated to reviewing recent advances and to exploring exciting new directions in scientific computing and related partial differential equations and mathematical modeling for time dependent problems and its applications.

## Acknowledgement

We wish to thank the following for their contribution to the success of this conference: European Office of Aerospace Research and Development, Air Force Office of Scientific Research, United States Air Force Research Laboratory (www.london.af.mil), and Tel Aviv University, Tel Aviv, Israel.

## Tentative list of invited speakers:

- Mark Carpenter, NASA Langley Research Center
- Alina Chertock, North Carolina State University
- Adi Ditkowski, Tel Aviv University
- Wai Sun Don, Mathematics, Hong Kong Baptist University
- Gadi Fibich, Tel Aviv University
- Moshe Goldberg, Technion
- Sigal Gottlieb, University of Massachusetts Dartmouth
- Jan Hesthaven, Brown university
- Peter Lax, Courant Institute, New York University
